**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My family requests for you not be swayed by the pressure from companies that are seeking deregulation. Broadband customers in the San Francisco Bay Area are forced to basically deal with just one or two providers, although they market themselves as multiple companies (Xfinity, Comcast, AT&T, Direct TV). These monopolies must be put on notice. We need more competition! The option to go to smaller companies that can provide reasonable pricing with better connectivity and superior service is a luxury that we can't afford to lose. Competitive providers provide better service because they care and because they have to to grow and be successful. Important to keep them in the ballgame and to me help make them successful. Hopefully these smaller companies can show the larger companies what they are in service for.....besides making more money than they should.

Sincerely

Jose Guevara
